

DISPATCH FROM PHILIPPINE JUNTA

MILLER GIVES NOTICE THAT HE WILL BOMBARD ILOILO.

Junta Considers This a Breach of the Rules of Warfare—Gomez Offers His Sword in Order to Secure the Independence Of Porto Rico.

London, Feb. 15.—[Special]—The 'Filipino' London agent has given out the following cable dispatch from the Philippine junta at Hong Kong, before the expirations of Gen. Miller's notice when he would occupy Iloilo, he bombarded the town. The junta considers this a great indignity. Moreover it is claimed to be the second breach of the rules of warfare by the Americans. Aguinaldo has decided in the future, to ignore all American communications.

Gomez Offers His Sword  
Havana, Feb. 15.—[Special]—A local paper has printed a letter from Gomez, which was written to a prominent Porto Rican, in which Gomez offers his sword if it is needed, in order to secure absolute independence for Porto Rico.

U. S. Troops on Way to Manila.  
Gibraltar, Feb. 15.—[Special]—The transport Sherman, with United States troops aboard, en route to Manila, arrived here today.

A Brush With Rebels  
Manila, Feb. 15.—[Special]—Nine members of California Volunteers were slightly wounded yesterday in a brush with rebels, and today there was further trouble in the California front, but the rebels have been driven further away.

List of Casualties.  
Washington, Feb. 15.—[Special]—Gen. Otis has called a list of additional casualties, containing names of eight wounded and one accidentally drowned.

Filipinos are Treacherous  
Manila, Feb. 15.—The rebel Filipinos gave another proof of their treacherous character Tuesday afternoon. They used flags of truce, raised by themselves in token of surrender, to cover an attack upon the American forces. They gained no advantage by their treachery, and were promptly driven out of the village where they had secretly assembled under cover of the white flag.

The insurgents at Pateros, ten miles southeast of Manila, surrendered, but the place was not occupied by our troops. Since the surrender the Filipinos have flown flags of truce, indicating their submission, but Tuesday afternoon they opened fire upon some detached troops of the First California Infantry stationed nearly north of the town. The Californians replied with a hot fire, driving the rebels out of the town. They moved to the south, where they made a stand, and an engagement followed, continuing until dark. The Californians in the meantime were re-enforced by companies from the First Washington and First Idaho infantry and the Utah light artillery.

The former Spanish river gunboat Laguna de Bay is now on her way to shell the enemy's rear.  
Desultory firing on the California regiment near Calococan, a few miles from Manila, continued Monday night. Four of the Americans were slightly wounded.

Rebels Propose to Fight  
Manila, Feb. 15.—The reports from Iloilo brought by the Petrel indicate that Gen. Aranaeta, commander of the insurgent forces, has retired with his men only to the suburbs of the city, out of effective range of the guns on the warships, and is now throwing up intrenchments. Evidently the intention of the rebels is to besiege Iloilo, compelling the Americans to fight for every inch of Panay in the same way that Aguinaldo is contesting the advance of Gen. Otis' troops in Luzon. It is expected that Gen. Miller will move on the insurgents promptly, provided the forces at his command are sufficient to dislodge the enemy from their new positions.

Americans Control Iloilo.  
Iloilo, Feb. 15.—Via United States Gunboat Petrel to Manila, Feb. 15.—The American forces, under Gen. Marcus P. Miller, are in complete control of this place. After burning the native quarter of the town, the insurgents have fled into the interior, and are reported to be dispersing. The Eighteenth United States Infantry and the First Tennessee volunteer infantry are occupying the trenches constructed by the rebels. The occupation was effected without the loss of a single American killed or wounded.

Aguinaldo Losing Control.  
Manila, Feb. 15.—A Spanish prisoner who escaped to the American lines from the town of San Mateo, to the east of Manila, where the Filipinos expected to make a strong resistance, states that Aguinaldo has lost control of the army and generals. His supporters have been degraded. Several high officials have been shot by order of Gen. Montenegro, who apparently is in command instead of Aguinaldo.

Sent No Guns to Filipinos.  
Berlin, Feb. 15.—The North German Gazette says that official inquiries which have been made at Hongkong establish the fact that there has been no exportation of German weapons to the Philippines.

HORSEMEN TO WORK FOR A RACING LAW

OSHKOSH PEOPLE START THE MOVEMENT.

Will Ask Legislature to Amend Present Regulations So That Trotting Meeting May Be Held, As They Are Not On a Par With Running Race.

Oshkosh horsemen are expecting to call a meeting in the near future for action in relation to securing horse races for the coming summer. It is the intention of the horsemen to draft a memorial which will be presented to the state legislature which will request that the existing anti-pooling laws be so modified and amended as to permit the holding of races for horses in light harness, ignoring the question of running horses. The memorial, says The Daily Enterprise, will also petition that either two or three races a season be permitted, such racing seasons not to be over a week in length. The horsemen contend that the law was passed through the influence of certain persons who had attended the races held in certain cities in the state which lasted for two or three weeks, and who lost money through betting on running races, and became "sore."

While the law may be and probably is a just one, it is certain that since its passage in 1897, horse races have been flat failures, and it is believed by horsemen that only by such modifications can the sport be revived. The local horsemen will also endeavor to secure the assistance and influence of all other horsemen throughout the state and a strong and concerted effort made to secure legislation which will again permit the pursuing of the sport.

TRIBUTE TO MR. SCARCLIFF

"J. T. W." Writes of the Well Known Pioneer Business Man.

Editor Gazette—George Scarcliff, whose work has just finished, was greatly esteemed by those with whom he came in contact. He was always the same genial, quiet man. His business has been conducted in a straightforward manner. A roast from his shop was sufficient guarantee of its being good. He was sympathetic in everything. One rule he adopted, and required of those in his employ to do, was to do but one thing at a time and do that well. This is a lesson every man and boy should adopt. His purchases were from the best herds, and years ago when at his best, would have on exhibition on the street, a beauty adorned with wreaths and ribbons, for Christmas and other occasions. A list of his competitors from 1850 to 1870, will refresh the minds of the older citizens, from whom their tables were supplied in the old days of thrift and good cheer, when Janesville was growing, and monumental prospects loomed higher and higher every day:

Peter Myers, Gustavus Sargent, George A. Young, Andrew Lee, J. C. Wilkes, M. Farroll, Charles Reum, William Yates, Burdick & Co., A. B. Meyers, Jifkins & Strunk, Miles & Dolson, Thomas M. Lynch, P. Eycleshimer, Hiram Baker, Philip Carroll, Dano & Lee, John Harey, F. H. Dutton, Lee & Dowling, Joseph Rees, George Watts.

Only three of the above have survived Mr. Scarcliff. Messrs. Farrell, Dowling and George Watts. These have not been in the same business for 10 or 20 years. Mr. Scarcliff's son, George, who has been associated with his father, will continue the business. Mr. Scarcliff was a student of the bible and often repeated passages which were a comfort to him in his last days. "Mark the perfect man behold the upright, for the end of that man is peace."

Madrid, Feb. 15.—According to Philippine news received here by way of London, Aguinaldo expects the armed support of China and Japan in fighting American domination in the islands. He is about to name Filipino representatives at the principal European capitals, who, if no continental power will grant them recognition, will play the same role as that of Agonelli.

To Limit Railway Fares—Tax Newspapers on Receipts—Raise Legislators' Salaries and Allow Mileage Both Coming and Going—Other Work Done Today.

Madison, Wis., Feb. 15.—[Special]—That the work in the session is well under way is shown by a number of committee reports coming in.

The assembly received reports on a number of bills this morning and there will be a fair sized calendar tomorrow. Many bills were introduced. Among them:

Regulating the interchange of telephone messages.

Amending the laws relating to the assessment of franchises.

A bill was introduced by Mr. Woodworth for a constitutional amendment raising the pay of members of the legislature from \$500 to \$1,000, and allowing three cents a mile each way to and from home every time the legislature adjourns for forty-eight hours.

Amending corrupt practices act making it the same as the original bill introduced two years ago.

Requiring residence in election district of thirty days before voting.

A memorial to congress for the suppression of trusts was adopted in the senate.

Madison, Wis., Feb. 15.—When the anti-pass joint resolution came up in the senate for a third reading Tuesday, an effort was made to reconsider it, and add an amendment making a forfeiture of office the penalty for a state officer or employee using a pass. Senator Dennett offered the amendment and said it was in line with the New York law on the subject, but the senators voted it down. Both the anti-pass bill and the joint resolution for a constitutional amendment prohibiting passes have gone through the senate, and will probably come up in the assembly to-day.

The vote on the motion to reconsider the joint resolution was as follows: Those voting aye were: Anson, Baxter, Dennett, Hatton, Miller, Martin, Munson, Stout, Whelan—9.

Those voting no were: Devos, Eaton, Fearnie, Green, Harris, Jacobs, Jones, Knudsen, Kreutzer, Lamoreux, McGilivray, Mills, Reynolds, Riordan, Stebbins, Roehr, Thayer, Weed, Welton, Whitehead, Whitman, Withee, Woodworth—23.

Among the new bills introduced in the senate was one requiring railroads doing a business of \$3,500 or more a mile per annum to sell transferable 1,000-mile tickets for \$20, and those doing a less business for \$25.

Want Land Office Abolished.  
Madison, Wis., Feb. 15.—The joint committee on state affairs decided to report in favor of abolishing the land office and combining the work done in that department with that of the treasury of state department. Senator McGilivray and Assemblyman McGrath were instructed to prepare a bill to that effect.

The jury found in favor of the defendant on the grounds that he had never accepted such policy as alleged by the plaintiffs.

## ZERO WEATHER HAS MADE DULL MARKET

WISCONSIN TOBACCO BUYERS NOT ACTIVE.

Cold Weather Causes a Marked Decrease in the Number of Transactions—Plenty of Outside Buyers Are in the County Waiting For the Weather to Moderate.

A week of zero atmosphere has kept tobacco buyers from the road of late, and the aggregate transactions from first hands have materially declined. The receiving of the goods already bought are being postponed on account of the frozen condition of the tobacco. There seems to be plenty of buyers anxious to increase their holdings, and with the advent of warmer weather buying will be resumed. Late sales indicate that former prices are fully maintained, ranging from 7 cents for choice lots downward to 4 cents for the lower grades.

Possibly 75 per cent of the crop of the state has now passed into the hands of the packers, making by far the largest amount of tobacco ever before attempted to be handled in the bundle. This will ensure work at the packing houses for a good many weeks, yet at all the warehouse points, C. L. Oulton opens a warehouse in Milwaukee this week for the handling of a portion of his extensive purchases, where several thousand cases will be assorted and stored.

Eastern tobacco men who are in the markets of the state this week are Joseph Hoffman of the New York firm of J. E. Hoffman & Co., Max Bamberger and Albert Eisenlohr, Philadelphia leaf merchants and C. D. Collins of the Collins Cigar company of Pittsburgh.

At Edgerton the shipments out of storage reach about twelve carloads, 600 cases, from this station to all points for the week, while twenty-five carloads were received from outside points for handling during the same period. Since the last report 2,300 cases of cigar leaf were exported from New York.

Fairfield.

Fairfield, Feb. 14.—John C. Dykeman has been ill the past week. John Magalsky has rented a part of the L. Hollier farm and expects to take possession of the same this spring. Philo Thomas and daughter Flora, of La Prairie, spent Tuesday and Wednesday at A. D. Clarke's. The school in the McCarty district closes this week Friday, with appropriate exercises. The pupils have made excellent progress in their work under the teaching of Miss Jeannette Inman. Mrs. Hanson and Mrs. Earl Wetmore are on the sick list. Dr. Rood, of Darien, has several patients in this vicinity. Charles McCarty and W. Duthie shipped hogs to Chicago last Wednesday via Clinton. Daniel Putnam made Walworth a visit last week. Mrs. Abner Chamberlain was called to Madison last week by the continued illness of her husband. The lecture course closes next Tuesday evening, Feb. 21st, with a concert. Mrs. Janet B. Day, of Janesville, will be the reader of the evening. With her popularity as an elocutionist, we bespeak a large audience for that evening. The death of Mrs. D. W. Barless, of Emerald Grove, brought sadness to her many friends in this vicinity, where she had lived since childhood. A kind, affectionate and true wife and mother has gone to her reward. The sudden death of Mrs. O. P. Swartz, of Clinton, came upon this community with a great shock. For three years the family resided on the Welch farm at this place, and last November moved to their newly purchased farm near Clinton. The deceased was a very industrious woman, an excellent neighbor, and will be a great loss to her home. Besides a husband, ten children are left to mourn a faithful mother.

## PECULIAR POISONS.

GENERATED IN THE HUMAN BODY.

The Result of Perfect Digestion of Food.

Every living thing, plant or animal, contains within itself the germs of certain decay and death.

In the human body these germs of disease and death (called by scientists Ptoimines), are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach, from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments (the first process of decay) poisoning the blood making it thin, weak and lacking in red corpuscles; poisoning the brain, causing headaches and pain in the eyes.

Bad indigestion irritates the heart, causing palpitation and finally bringing on disease of this very important organ.

Poor digestion poisons the kidneys, causing Bright's disease and diabetes.

And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddy complexion.

The great English scientist, Huxley, said the best start in life is a sound stomach.

Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products; the most sensible remedy in all cases of indigestion, is to take after each meal, one or two of Stuart's Dyspepsia Tablets because they supply in a pleasant, harmless form all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach trouble except cancer of the stomach.

They increase flesh, insure pure blood, strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first.

A little book on stomach diseases mailed free, Address F. A. Stuart Co., Marshall, Mich.

If the Baby Be Outting Teeth.

Be sure and use the old and well tried remedy, Mrs. Winslow's Soothing Syrup for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Maple City Self-Washing Soap works perfectly in hard water. It bleaches white clothes and sets fast colors.

## THIS DAY IN HISTORY.

1564—Galileo Galilei, the noted astronomer, born; died in 1642.  
1747—Jeremy Bentham, English judicial philosopher, born in London.  
1783—Treaty of Hubersburg and final settlement of all the issues of the French and Indian war; it was merely supplementary to the treaty of Paris.  
1888—D. R. Locke (Petroleum V. Nasby) died at Toledo; born 1834.  
1906—Mrs. E. K. Nicholson (Pearl Rivers) of the Playhouse died in New Orleans.  
1909—The United States battleship Maine, Captain Charles Sigsbee, wrecked by a mysterious explosion in the harbor of Havana; 2 officers and 264 of the crew lost their lives.

Never judge others by yourself, Mr. Recorder. The fact that The Recorder's editorial column is open to all the "kickers" who want to grind an ax, incognito; should not justify its evident belief that the same is true of all papers. "When you see it in The Gazette," Mr. Recorder, "It is new and true"—and you always know who is responsible for it. When the people want The Gazette to turn their grindstones, they have to sign the article—a rule that no self-respecting newspaper ever breaks.

The Milwaukee News-Madison correspondent says: "The fish and game bill known as the uniform game law, is going to meet with all kinds of trouble in its legislative career, as already there are numerous amendments to the measure in preparation which will be offered within the next ten days. In fact from indications out here there will be more bills offered on the fish and game question at this session of the legislature than on any other kind of legislation."

Old Boreas plays queer tricks these days. At Charleston, South Carolina, on Monday, the snow was four feet deep, while in Janesville not a single flake was to be seen. At Anniston, Alabama, the thermometer registered twelve degrees below zero while at Atlanta, Georgia it was fifteen below. In Janesville the mercury was above zero nearly all day. The "solid south," it would appear, is no longer solid, even in the matter of climate.

The Recorder is still carping about that chemical engine, and condemning Chief Spencer and The Gazette—regardless of the fact that The Gazette has not advocated the purchase of an engine, and that Chief Spencer was in no way, or in any degree, responsible for The Gazette's reference to the matter. Friends of The Recorder should hire a phrenologist to examine its head before it is too late.

From the standpoint of The Recorder, that paper is perfectly justified in attacking Chief Spencer—the chief is a republican and was for many years connected with The Gazette. Therefore The Recorder can not be expected to recognize his good work in the fire department.

Gen. Eagan will go to Hawaii to live next spring. His son has a plantation there, and Gen. Eagan wants to get away from Washington. He will ask to be placed on the retired list to clear the way for the promotion of his friend, Col. Weston, as commissary general.

The Milwaukee Journal says "It is amusing to read in the Chippewa Falls Independent a call to protect the water supply." Of course, Milwaukee people are naturally amused when anyone except firemen suggest the necessity of using water.

In justice to Mayor and Common Council McLean it should be said that while he doesn't want a chemical engine, he never allowed his political prejudices to blind him in the matter of excellent services rendered by any republican official—except at election time.

Placing a fire alarm box on Milwaukee street bridge is a wise move. True, it is but a short distance from the bridge to the engine houses, but every second will be valuable when a fire breaks out in a bridge store.

The anti-pass bill has been read for the third time and ordered engrossed, by the senate. Good. The sooner the measure is made a law, the better.

The aldermen appear to take a sensible view of the damage suit "find," and Alderman Carpenter's resolution has the right ring to it.

"Shot Himself in The Hotel" says a newspaper heading. Of course the man died from the wound inflicted in this vital spot.

Alabama's coal output was increased by 611,189 tons last year. Thus is the rapid progress of "the new south" shown.

The cold snap has killed the yellow fever germs in the south. "It is an ill wind that blows nobody good."

The leather trust will doubtless get "a hiding" in the newspapers.

## THE ENGLISH BROOM.

How It Got Across the Water is a Mystery.

One of the botanical oddities of Massachusetts is the existence of the English broom, which grows in only two places—in Sterling, this county, and in Salem, says the Worcester (Mass.) Gazette. It is not a native plant, and how it got across the water is a mystery. Perhaps some homesick colonist caused it to be sent to him, that the hills about his new home might have the familiar appearance of the old country. It is a beautiful golden yellow in color and grows in a compact, spiraling plant, with blossoms close together. So thick are the stalks that the pastures are like sheets of gold, and at first sight seem to be buttercups in masses. Arba Pierce brought some of it into the city and proposes to make a display of it at the exhibition of the horticultural society. Everyone has heard of the broom. English and Scotch literature is full of it. It was the flower of the royal house of Plantagenet. In fact, the name Plantagenet is the French for broom—plant-a-gent. Their ancestor, the Count d'Anjou, wore a string of broom as a badge, therefore their name. The name broom is given it because of its usefulness for the purpose.

## Fortune Left to Science.

By his will, the late Alfred Nobel, the Swedish dynamite manufacturer, left almost the whole of his fortune to be converted into an international fund for the advancement of scientific research. The bequest, however, was disputed by the relatives of the deceased, and litigation ensued. It is now announced that a compromise has been reached whereby the relatives receive about \$1,000,000 of the property, the balance, amounting to about \$7,000,000, being used as designated by Mr. Nobel. This will give, under the terms of the will, five prizes annually of about \$41,000 each to persons making the most important discovery in physics, chemistry, physiology or medicine.

## GOLF CLUB GAVE THEIR MASQUERADE

### SECOND ANNUAL MASK BALL LAST EVENING.

The Occasion Was One of Fantastic Oddity and Picturesque Completeness—About One Hundred and Fifty Were Attired in Costumes—Many Deserved Special Mention.

Everyone says that the masked ball of last evening, under the auspices of the Sinissippi Golf club, was one of the most successful affairs of the kind ever given in Janesville, and the managers are feeling highly elated over the success of the occasion, and the hearty co-operation which made it one long to be remembered.

It was the second annual masquerade ball given under the auspices of the Golf club, and in saying that it was one of the most enjoyable ever held in Janesville, is only doing justice to the event of last evening.

About one hundred and fifty maskers were in the grand march, and although other masquerades have eclipsed this in number, it is safe to say that none surpassed it in the large number of unique costumes.

The hit of the evening was a quartet of colored ballet girls, headed by a small colored boy who carried a banner which read:

"Golf Club Female Minstrels." The costumes were extremely funny, and the young men carried out their character to perfection. They proved to be Mark Bostwick, Joe VanKirk, Ross King and Bert Watt.

M. O. Mount as the "Yellow Kid" was amusing and his make-up was good. William W. Watt as "Miss Manila" was good.

George King and H. S. Gilkey, as the two tramps were far above the average tramp make-up.

E. V. Whitton Jr. as the small boy provoked laughter on all sides.

Henry Cody was good as a Washingtonian young man.

Miss Alice Ruger wore a very becoming rainbow fancy costume.

Misses Mae Valentine, Mamie Foster and Racine Bostwick in fancy costume, caused much favorable comment.

The Misses Fiffeld in fancy costume were as prettily attired as any in the hall and deserve special mention.

Mrs. N. L. Carle in checker costume, attracted considerable attention.

George M. McKee and Ward Williams as colored cake walkers were fine.

Meadames A. F. Spooner, W. T. Sherer, M. O. Mount and A. J. Harris were most becoming fancy costumes.

Other costumes worthy of mention were:

Witches—Misses Agnes Shumway and Louise Crosby.

Greek costume—Fred Jeffris.

Uncle Sam—I. F. Wortendyke.

Irish Washerwoman—Mrs. C. P. McLean.

Ballet Girl—Ed. Norcross.

Sailor—T. O. Howe.

Clown—A. F. Spooner.

It would be a hopeless task to attempt to give a list of the characters represented.

Smith's orchestra of eight pieces furnished the inspiration and as usual it was of a high order.

After the usual evolutions about the hall, the masks were thrown off and there were many surprises when the identity of each was revealed. It was frequently remarked that the disguises were more perfect than ever before.

The dance broke up at 1 o'clock.

The floor was in charge of J. P. Baker, C. C. Russell, George Saie, Charles P. McLean, B. H. Pulker, and Arthur Valentine, all wearing the red golf coats.

Among those present from out of the city were Senator Knudson, of Manitowish, Wis.; Assemblyman McLeod, of Bayfield, Wis.; Thos. Brabner, and Lucian Pickarts, of Madison; Henry Kiser and Clarence Alrick, of White water.

Ammonia as a Fire Extinguisher.

Several instances have been lately recorded of the use of aqua ammonia as a fire-extinguisher. It has proved wonderfully efficacious, owing to the great volume of gas which it evolves. The odor of the same gas, by making approach to the source of conflagration difficult, militates against any general application of it.

## SEVERAL WEDDINGS ARE SOLEMNIZED

### WETMORE-TEN EYCK NUPTIALS THIS AFTERNOON.

Only Relatives And a Few Intimate Friends Were Present—Rev. A. C. Kempton's Brother Has Brilliant Wedding at Madison Yesterday—Mineral Point Couple Wed Here.

At 5 o'clock this afternoon, at the home of the bride's sister, Mrs. G. P. Billings, No 5 South Jackson street, was performed the ceremony that united as husband and wife, Miss Letitia Belle Ten Eyck and Frederick Starr Wetmore, both of this city.

Rev. W. W. Hall officiated. Miss Ella Ten Eyck, sister of the bride, acted as bridesmaid, while Dr. C. C. Devereaux faultlessly carried out the part of best man.

The bride looked charming in a hand some traveling gown of brown, and wore brides' roses.

Pink carnations formed the decorations, the tables being profitably decorated. After extending hearty congratulations to the happy couple, all partook of a most tempting repast.

The wedding was a quiet affair there being only relatives and a few friends present.

The bride for some time was engaged in the dressmaking business here and is a most highly esteemed young lady of whom nothing but good can be said.

The groom is a clerk in Palmer & Sarasy's drug store and is a young man who has the respect of a host of warm friends.

Mr. and Mrs. Wetmore will leave this evening at 7:20 for Chicago and will be registered at the Great Northern.

On their return they will reside at No. 57 Oakland avenue.

Kempton-Main.

Yesterday afternoon, at Madison, Miss Annie Main, daughter of ex-Senator W. S. Main, and niece of United States Senator John C. Spooner, was married to the Rev. A. J. Kempton, former pastor of the Baptist church of Madison.

The wedding took place in the church and was witnessed by a majority of the society people of the city. The ceremony was performed by the Rev. Arthur C. Kempton, of Janesville, a brother of the groom.

The bridesmaid was Miss Lois Main, sister of the bride. The best man was Haidyn MacLean, of Chicago.

Mr. and Mrs. Kempton started last night for New Orleans, where they will stay for a short time and return to Mt. Carroll, Ill., where Mr. Kempton is about to begin a ministry of the Baptist church there.

Gray-Engles.

At the home of the bride's sister, Mrs. E. P. Schlatter, 112 Madison street, was yesterday performed, the marriage of John Gray and Miss Josephine Engles, both of Mineral Point, Wis.

Rev. Father Wm. A. Goebel, pastor of St. Mary's church, tied the nuptial knot. The bride was attended by Miss Lillie Schmitt, of this city, and Edward Penabagon, of Mineral Point, Wis., was best man. After the ceremony an elaborate wedding breakfast was served.

Mr. and Mrs. Gray left on the 4:40 train for Milwaukee and Chicago on a wedding trip, and on their return they will make their home at Mineral Point, where groom is the junior partner in the dry good firm of Grundy & Gray.

A VERY PLEASANT SURPRISE

Friends Took Possession of the Home of Mr. and Mrs. J. H. Hefron.

Last evening a large gathering of her friends gave Miss Rose Hefron a most pleasant and agreeable surprise at the home of her parents, No. 551 Western avenue. The hostess was equal to the occasion and entertained her friends in a royal manner. Dancing, games and social converse was indulged in until the midnight hour. During the evening a dainty supper was served. A cake walk was one of the pleasures of the evening and George M. Curley "took the cake." Following are the names of those present:

Misses—Hattie Spicer, Lizzie Madden, Nellie Hefron, Rose Hefron, Kathryn Ryan, Nellie Ryan, Kathryn Nolan, Alice Ladden, Mayme Dolan.

Messrs—James Joyce, Frank Hogan, Peter Kuster, Thomas Casoy, James Hefron, George Curley, Charles Bier, Arthur Maine, Eddie Bier.

"The Real Widow Brown." If you want to enjoy a long, hearty laugh of 180 minutes go and see "The Real Widow Brown," which comes to the Myers Grand on Thursday. It possesses the essential virtues of a real farce-comedy—clean, pure and exhilarating—and with sufficient spice of captivating songs and clever dances to make it one of the best drawing attractions on the road. The author has built an ingenious plot on which the laughable incidents hinge a seemingly strange anomaly, as the average farce-comedy is as barren of plot as the Klondike is of dress suit cases. Its cardinal object is to make you laugh. You may have a thousand domestic and business cares, but you'll forget them for the three hours you spend in the fascinating company of "The Real Widow Brown."

A MEETING of the Midwinter fair committee will be held tomorrow evening at the secretary's office. All members of the committee are requested, to be present.

## PHINNEY'S CELEBRATED BAND

At Myers' Grand Opera House This Evening.

Frederick Phinney and his celebrated concert band will give a concert at Myers' Grand opera house Wednesday evening. Mr. Phinney's repertoire is so extensive that each concert he gives is a model of excellence and is bound to suit the most fastidious and exacting auditor, for he has a large field upon which to build his programs. It was by his knowledge of just what class of music causes the most genuine pleasure, and his efforts to please that Mr. Phinney placed the Iowa State band in the first rank of the world's great bands. He knows just what the people like and gives it to them without solicitation. The great band was never in such superb condition as at present, some few changes in the personnel having materially improved the ensemble. The young artist, Hubert T. Morphy, is exceptionally talented and his baritone solos are certain to please the local audience. The program is as follows:

The Kimball Pianos.

W. W. Kimball Co. own and operate in Chicago six piano and organ factories which are more than double the size and output of any similar institution in the world.

Purchasers of Kimball pianos and organs obtain instruments which have received the unqualified indorsement of the world's greatest musicians, without paying needless profits to jobbers, retail dealer, and eastern branch houses.

They buy raw materials in large quantities for net cash at lowest prices, and make all the parts in their own factories.

They are thus enabled to make high grade pianos and organs at the lowest possible cost and sell direct to purchasers at one small factory profit.

These goods will be on sale in the Myers block within a few days.

THERE will be a special meeting of Oriental Lodge No. 22, at Castle Hall tonight; work in rank of Enquire. Full attendance desired. H. D. Murdoch, C. C.

## WORK AT CEMETERY RESUMED AGAIN

### WORKMEN LIKELY TO GET THE ADVANCE.

Some Funerals Are Postponed, But the Delay Will Be Only Temporary—Several Trustees Declare Themselves in Favor of Paying the Wages.

Some of the funerals that were scheduled to have been held today have been postponed till tomorrow owing to the difficulty in getting graves excavated on account of the disagreement between the grave diggers and the trustees of Oak Hill and Mount Olivet cemeteries as to wages. That the trouble will soon be settled is the opinion of those interested, and in all probability the men will be granted the asked for increase.

A new force of men were at work in both cemeteries today and the trustees say they now have things in running order so that they will experience no inconvenience whatever after today.

Sexton Scott, of Oak Hill cemetery, who has been confined to his home for several days past, is once more on duty and hard at work.

One of the workmen who has made grave digging a special work for some time past, informed a Gazette representative this morning that he had hoped that their trouble would not get to the public and that he believed that he and his fellow workmen were asking for no more than was right when they demanded an increase of twenty-five cents a day.

Several of the trustees of Oak Hill cemetery were seen this morning and the greater portion of them were not only in favor of paying the \$1.50 a day scale, but several thought that even that amount was too small.

"I for one," said Dr. W. H. Judd, "am heartily in favor of paying the men at the rate of \$1.50 a day, for I believe that they earn every cent of it not only during the present spell of weather, but the year 'round. It is little enough pay."

James A. Denniston said he thought that the men are asking for no more than was due them. "For a number of years I employed laboring men in this city to build concrete walks," he said, "and I never thought of paying them less than \$1.50 a day."

W. T. Vankirk said he thought the increase should be granted.

## IS PASSED BY THE SENATE.

McEnery Resolution Favorably  
Acted Upon.

THE VOTE STOOD 26 TO 22.

Both Senators from Illinois Refused to  
Record Their Votes—Bacon Amend-  
ment Rejected—Mr. Mason Bitterly De-  
nounces the War on the Philippines.Washington, Feb. 14.—By a vote of  
26 to 22 the McEnery resolution passed  
the senate on Tuesday. The republic-  
ans in the main voted in the affirma-  
tive.The two Illinois senators were paired  
and did not vote. Had they voted both  
would have been in the affirmative.Following is the text of the resolu-  
tion:"Resolved, That by the ratification  
of the treaty of peace with Spain it  
is not intended to incorporate the in-  
habitants of the Philippine islands in-  
to citizenship of the United States, nor  
is it intended to permanently annex  
said islands as an integral part of the  
territory of the United States. But it  
is the intention of the United States  
to establish on said islands a government  
suitable to the wants and conditions  
of the inhabitants of said islands to  
prepare them for local self-govern-  
ment and in due time to make such  
disposition of said islands as will best  
promote the interests of the citizens  
of the United States and the inhabi-  
tants of said islands."Before the vote on the McEnery res-  
olution this morning it was regarded  
a foregone conclusion that it would  
not be passed. The efforts of the past  
two days which have been made by  
Senators Platt, Wolcott, and others to  
avoid a vote on any resolution declar-  
ing the intention of the United States  
relative to the Philippine proposition  
proved ineffectual. The only result  
of the wrangling was to establish the  
fact that there was a pending amend-  
ment offered by Senator Bacon which  
would have to be first disposed of.The Bacon amendment, practically  
substitutes his own resolution for that  
of Senator McEnery's. Senator Hale  
of Maine made a brief but forceful  
speech. He said he did not expect  
anything would happen which would  
stop the slaughter now going on in the  
Philippine islands. Senator Mason fol-  
lowed Senator Hale. He began with  
the statement that he had predicted  
thirty years ago the events which to-  
day are taking place. He alluded to  
the news in today's papers that the  
war had been extended to Iloilo. He  
held that this was illegal, as war had  
not been declared, and congress, which  
alone had the right to declare war,  
had not authorized it."According to the friends of the treaty,"  
said Senator Mason, "the rebels who  
yesterday were rebels against the  
United States are today rebels against  
Spain, and we are today shooting them  
because they violated the treaty. To  
such extremities are the great ex-  
ponents of international law driven  
in order to find a pretext to carry on  
the purpose already decided on." Sen-  
ator Mason said he never had any hope  
of getting a vote on his own resolution.  
"Never," he said, "any more than I  
should expect from this body an in-  
crease of the ten commandments."Senator Mason predicted that the  
convention of all parties would "hustle"  
to get ahead of one another in  
passing resolutions in favor of Philip-  
pine independence. Senator Hawley  
came in at the close of Senator Mason's  
speech and asked him if he intended to  
take advantage of the unanimous con-  
sent obtained in his (Hawley's) ab-  
sence. Mason's reply to his was al-  
most a personal challenge. Shaking  
his fist at Hawley, he shouted that he  
most certainly did intend to take ad-  
vantage of it, and, what was more, he  
would permit no member to call him to  
account for his personal conduct. At  
the appointed hour the resolution and  
Bacon amendment were laid before the  
senate.

## STORIES OF THE STREETS.

Janesville People Are Talk-  
ing About it on Every  
Corner.It is sometimes an easy matter to  
fool the public, but you can't keep it  
up long. They are sure to find it out;  
and every time a man is fooled another  
skeptic is made. Skepticism is allowa-  
ble when reading in a home newspaper  
about some incident occurring in San-  
Francisco, Calif., or Maine, but the cir-  
cumstances are entirely different when  
it refers to some one right here at home  
friends and neighbors, people you  
know, whom you can see and with  
whom you can talk it over. This is the  
kind of evidence at the back of Doan's  
Kidney Pills—home statements by  
home people—and the astonishing local  
work they have been doing has caused  
more talk among our citizens than the  
doings of any other modern wonder.  
Read the following.Mrs. N. J. Casey, of 102 Prairie Ave.,  
says: "Doan's Kidney Pills proved  
better than any other medicines I took  
for my kidneys. These organs trou-  
bled me off and on for some years.  
Backache was the chief symptom. It  
often caused me to suffer severely, and  
tried a number of remedies but con-  
tinued to grow worse instead of better.  
I was finally persuaded to try Doan's  
Kidney Pills and procured a box at the  
Janesville Drug Co.'s store. I had bet-  
ter taken them a few days when I felt bet-  
ter. Should there be any recurrence of  
my trouble I shall use Doan's Kidney  
Pills in preference to any other medi-  
cine. They can be depended upon to  
relieve suffering from backache or dis-  
ordered kidneys."Doan's Kidney Pills for sale by all

negative and the amendment failed.  
The McEnery resolution was then taken  
up with the result stated.The senate then went into executive  
session and afterward adjourned.

REPUDED BY DEMOCRATS.

Mr. Wheeler's Sentiments Not Those of  
His Fellow Members.Washington, Feb. 15.—In the house,  
Tuesday Mr. Wheeler of Kentucky took  
occasion to announce his intention to  
vote against the appropriation of \$20,-  
000,000 to carry out the terms of the  
treaty of peace, and denounced the  
shooting of the Filipinos, "with or  
without provocation" as deserving the  
condemnation of history and the curse  
of God. He was promptly and em-  
phatically repudiated by Messrs. Wil-  
liams of Mississippi and Lewis of  
Washington, who urged the house and  
the democratic party to stand by the  
national faith and the soldiers in the  
Philippines. Their statements were  
approved by Mr. Dockery of Missouri  
as representing the sentiment of the  
democratic party.Mr. Hull (rep., Iowa) reported the  
army appropriation bill from the com-  
mittee on military affairs, and said he  
would ask the house to consider it as  
soon as the fortifications bill had been  
disposed of. At 5:10 o'clock the house  
adjourned.

Canal Bill Is Made a Rider.

Washington, Feb. 15.—The Nicara-  
gua canal bill was offered in the house  
today as an amendment to the sundry  
civil appropriation bill by Mr. Hepburn  
of Iowa, chairman of the committee  
that reported it, and the leaders on  
the respective sides are engaged in a  
desperate struggle which involves the  
fate of the measure at this session of  
congress.

Chicago Live Stock Market.

Chicago, Feb. 14.—Much heavier re-  
ceipts than usual on the second mar-  
ket day of the week were at hand to-  
day, and trade in cattle and hogs was  
sluggish at lower range, cattle selling  
weak to 10c lower and hogs at a big  
10c decline, some lots late fully 15c  
below the best prices the day before.  
Sheep trade was brisk at strong prices,  
and choice lambs sold at 10c advance.  
Today's receipts estimated, at 5,000 cat-  
tle, 39,000 hogs and 14,000 sheep make  
18,558 cattle, 65,400 hogs and 26,496  
sheep for the two days, against 18,083  
cattle, 60,544 hogs and 36,386 sheep  
for same time last week, and 24,374  
cattle, 55,190 hogs and 30,378 sheep for  
the same period last year. Cattle trade  
was sluggish throughout, with buyers  
confident of liberal receipts for tomor-  
row's market, and many hogs also  
went over not wanted at the big de-  
cline.

## STREET RAILWAY BILL.

Subcommittee of the Senate Finally  
Agrees on a Measure.Springfield, Ill., Feb. 14.—After six  
weeks the street railway bill came to  
the front at a meeting of the subcom-  
mittee of the senate committee on  
municipality on Tuesday. The  
senators leading the controlling com-  
bination say that, "in their judgment,"  
this will be the bill that will be passed  
by the senate and the house and ap-  
proved by Gov. Tanner. "In their  
judgment" is equivalent to a positive  
statement that the bill will pass, if the  
controlling combination really con-  
trols. The salient features of this bill  
are:Maximum rate of fare, 4 cents at all  
hours.  
Maximum for all franchises, 25  
years.Local street railway commission,  
composed of the mayor, who is chair-  
man ex-officio, and two elective mem-  
bers at a salary of \$5,000 each.  
Provision that the city councils can  
only accept or reject extension ordi-  
nances recommended by the commission  
but may amend all new ordinances.Commission given full authority to  
make all terms and contracts, includ-  
ing those for compensation.Provision that in case of refusal on  
the part of a company to accept an  
ordinance recommended by the com-  
mission and passed by the council, it  
can do business under the old contract  
until an agreement can be reached.The subcommittee ended its session at  
1 o'clock and announced that it had  
finally agreed on the bill. After spir-  
ited discussion the committee adopted  
4 cents as the maximum rate of fare to  
be charged at all hours, and also fixed  
the maximum term for all fran-  
chises at 25 years. This bill was re-  
ported to the full committee Tuesday.The smallest things may exert the

is the intention in the future to take  
up the question of municipal reform.Mrs. Laura G. Fixen of Illinois made

of mothers has been postponed until

the speakers and all the delegates to  
the congress present.

## TREATY WITH CANADA.

America Will Be Greatly Benefited by  
the Understanding.Washington, Feb. 15.—A treaty with  
Canada now seems likely. Certain  
concessions have been granted by the  
United States in regard to Skaguay,  
and the dominion representatives in the  
high joint commission appear to be  
pleased. The concessions made by  
America do not include one foot of  
territory, and in a general sense Amer-  
ica will benefit greatly if the treaty  
finally be perfected. Secretary Cham-  
berlain cabled the dominion commis-  
sioners to yield everything possible  
that would tend to promote the treaty  
and cement the Anglo-American  
friendship. There are indications that  
John W. Foster is displeased with the  
concessions granted the Canadians.

Warship's Narrow Escape.

New York, Feb. 15.—While the bliz-  
ard which has swept the Atlantic  
coast was at its height Monday morn-  
ing the United States cruiser Marble-  
head had a narrow escape from being  
sent to the bottom in midocean by the  
Canardier Etruria. Only the best of  
seamanship by the Etruria's captain  
prevented an ocean horror, the ves-  
sels passing each other so closely to-  
gether that a biscuit could have been  
tossed from one to the other.It adds spice to dreary life, encour-  
ages the human heart, lifts one out of  
despair, breathes new life and confidence.

## IMMENSE LOSS BY FIRE.

Property Worth \$1,000,000 Destroyed  
at Chicago Monday.Chicago, Feb. 15.—Fire destroyed  
the seven-story brick structure at 12  
to 24 South Water street early on  
Tuesday and consumed the contents  
of the building, consisting of goods  
belonging to the Merchants and Manu-  
facturers' Company, and the valuable  
consignments of merchandise stored  
in the rooms of the Traders' Storage  
Company. For two hours the flames  
refused to be controlled. Fanned by a  
brisk south wind that had a good  
sweep, the fire threatened destruction  
to the building at the north on Ran-  
dolph street and to the Star and Cres-  
cent Mills at the Randolph street

bridge.

Estimates of the loss are various.  
The burned building was erected sev-  
eral years ago, and the loss on it will  
be total. The stock loss will fall upon  
many merchants. Insurance was car-  
ried on the goods of most of the mer-  
chants who had stored their commodi-  
ties with both the Traders' and Mer-  
chants' companies. By the controllers  
of the warehouse the loss is placed  
as high as \$1,000,000. Fire insurance  
men who were on the scene early, are  
inclined to cut the storage men's fig-  
ures in two.

Costly Fire in Cincinnati.

Cincinnati, O., Feb. 15.—A fire caus-  
ing a loss of \$500,000 started mysteri-  
ously in the upper back stories of thehat manufacturing establishments of  
Kahn, Feltheimer & Co., 106 West  
Third street, at 4:30 a. m. Tuesday.  
The clothing house of H. A. Seim-  
heimer & Co., 104 West Third street,  
and the next building, occupied by  
Sanford, Varner & Storrs, containing  
a valuable stock of clothing and ma-  
terial, were ravaged by the flames.MAPLE CITY Self-Washing soap is the  
best for flannels. Also for lace cur-  
tains.

Carlota Got Orders.

Madrid, Feb. 15.—El Correo, the or-  
gan of Don Carlos, prints a letter from  
the pretender forbidding his partisans  
to attend the sitting of the chamber  
when the peace treaty with the United  
States is discussed.

## CONFIDE IN A WOMAN.

Women may write about their troubles to Mrs. Pinkham and  
avoid the questions of a male physician.The questions asked of a woman by a male  
physician are embarrassing and frequently re-  
volting to a sensitive nature. In consequence  
the whole truth is not told! This makes it dif-  
ficult for female troubles to be successfully  
treated, and is the reason so many women grow  
worse rather than better.Mrs. LUCY A. LOUGHERY of New  
Lebanon, Ind., describes how wretched  
she was until she received Mrs. Pink-  
ham's help:DEAR MRS. PINKHAM:—I propped myself in a chair and  
wrote to you, and as soon as I commenced to take your Veget-  
able Compound I began to improve. I had suffered with  
severe pains in my hips, back and head. The doctor said I  
had bladder trouble and falling of the womb. I had spells  
when, if I did not sit down, I would fall. I was sleepy all the  
time. I was also troubled with leucorrhoea and itching piles.  
People thought that my end was near. Had it not been for  
Lydia E. Pinkham's Vegetable Compound and advice, I would  
have been dead and buried long ago. I hope that this letter  
may be the means of helping all women who suffer as I did.Women understand women better than  
men can. The whole truth is freely told  
to Mrs. Pinkham, and women only see the  
letters received by her at Lynn, Mass.  
Her advice is freely offered.Here is a convincing letter from a  
woman in Bethlehem, Pa.:DEAR MRS. PINKHAM:—Words cannot express my  
gratitude for the good that your Vegetable Compound  
has done me. I have taken five bottles, and feel bet-  
ter in every respect. Menstrues heretofore lasted too  
long and were very profuse, and made me very weak.  
Your Compound is a miracle. Before writing to you  
I had tried doctor's medicine, but of no avail. I  
would not give up your Compound for female com-  
plaints for all the doctor's medicine in the world.  
My friends want to know what makes me look so  
well. I do not hesitate one minute in telling them  
what has brought about this wonderful change.  
I cannot sing its praises enough. I hope every  
one who suffers as I have will give Lydia E. Pinkham's  
Compound a trial; and I know that, if taken according to  
directions, it will cure.—MRS. EDWIN EHRIG, 413 Church  
Street, Bethlehem, Pa.All women who suffer should secure Mrs. Pinkham's counsel.  
Female troubles are real troubles, and must be treated understand-  
ingly. For a quarter of a century Mrs. Pinkham's advice and Lydia E.

and well, more than a million women have been benefited by it.Lydia E. Pinkham's Vegetable Compound

## WINE OF CARDUI

How a Woman  
Suffers.I will always praise Wine of Cardui. It  
has done me more good than all the medi-  
cines I have ever taken in my life. Please  
send a book about female diseases to the  
ladies whose names I enclose.

Mrs. MINNIE STODGHILL.

WINE OF CARDUI

It isn't necessary for a woman to give particulars. When she says  
she has "female troubles," other women know what that means. It  
means days and nights of endless suffering. It means headaches which  
no tongue can describe. It means that terrible bearing and dragging  
down in the lower abdomen. It means agonizing backache, and shoulder  
ache, and arm ache, and aches in the lower limbs. It means nerves on  
edge—the blues—despondency and loss of hope. It means debilitating  
drains that the doctors call leucorrhoea. It means martyrdom—some-  
times even death seems preferable. And still Wine of Cardui will utterly  
put those diseases and pains to rout.  
It has cured thousands of cases  
when nothing else on earth would.  
To the budding woman, to the  
bride, to the wife, to the expectant  
mother, to those going through  
the Change of Life, this Vegetable Wine is a blessing.

### NEWSPAPERS AND PASSES

Dan B. Starkey Writes About the Claims of Some Legislators

In the "Ins and Outs at Madison" column in The Milwaukee Evening Wisconsin, Dan B. Starkey writes as follows:

Some of the senators are lamenting that they cannot get at the newspaper men on the pass question. They attribute the sentiment against the use of passes to their utterances, and they say it would be but fair to make the scribes take their own medicine. The senators realize, however, that when the congress of the United States failed to abolish newspaper transportation it would be useless for the legislature of Wisconsin to try it. In the railroad commissioner's office, there is a report from the Nebraska board of transportation in which it is asserted that the newspapers were originally responsible for the pass evil, which report the senators should read. It says on that point:

Out of a few persons directly or indirectly interested in railroads, passes were no doubt originally given to editors of newspapers in payment for advertising, and were not then and are not now considered a gratuity on the part of the railroads. Of course the newspaper was and is supposed to be friendly and to give due prominence and largest possible publicity to good features and great achievements of the contracting road, and to use discreetly the secondary great power of the press—the power of what is left out—in regard to all matters injuriously affecting the roads in the estimation of the public."

### Buried Man Came to Life

Pendleton, Ind., Feb. 15.—Wednesday of last week the remains of James Rigley were buried here. Rigley had considerable life insurance, and a dispute arose when it was attempted to collect it. To definitely determine the cause of death, a post-mortem was ordered. When the body was exhumed the glass cover of the casket was found broken and there were other evidences proving that the man had regained consciousness after being buried and had evidently been suffocated.

### Pipe Causes Fatal Explosion

Pittsburg, Pa., Feb. 15.—One man was killed and five seriously injured Tuesday in a powder explosion at Moss Grove. The victims were Italians, members of a construction gang, and were blasting rocks near Moss Grove. It is supposed that a spark from a pipe ignited a keg of powder.

### Galesburg Against Saloons

Galesburg, Ill., Feb. 15.—After a campaign of six weeks, Galesburg Tuesday voted on the question of licensing saloons. The vote stood 1,785 against license and 1,762 for license.

Buy Flour Now.

Rebuke for German Consul.  
Apia, Samoa, Via Auckland, N. Z., Feb. 15.—Herr Rose, the German consul here, received instructions from Berlin a few days ago to notify Chief Justice Chambers that the German government did not support his (Herr Rose's) protest against Mr. Chambers' action in declaring Malietoa Tanuaki King. Herr Rose carried out his instructions, and the British and Americans are much pleased with this rebuke to the German consul.

Senator Bryce's Signature.  
The late Calvin Bryce's only explanation of his remarkable signature was that he "had always written that way and couldn't make it plainer." It was a mere series of up and down marks which bore no similitude to English penmanship.

It warms up the heart like sunshine, cheers the soul like old wine, gives hope for the future, blots out the past. That's what Rocky Mountain Tea will do. Smith's pharmacy, kodak agents.
